Three Australian children, adrift on a rubber raft, are cast ashore in a strange land of tiny people. The first in Caroline Lawrence's internationally bestselling Roman Mysteries series, re-issued with a fantastic new cover look. Flavia Gemina is a natural at solving mysteries. The daughter of a ship's captain living in Ostia, the port of Rome, in AD79, she and her three friends, Jonathan, a Jewish boy (and secretly a Christian); Nubia, an African slave girl; and Lupus, a mute beggar boy, must work together to discover who is beheading the watchdogs that guard people's homes, and why. A talented storyteller, Caroline Lawrence has created a delightfully readable and accessible series that children will want to read time and time again. Celebrate a winter miracle with the true, inspirational story of Balto in this Step 3 Step Into Reading Early Reader. It is one of the worst storms ever - the snow has not stopped for days and it is 30 degrees below zero. But somehow Balto must get through. He is the lead dog of his sled team. And he is carrying medicine to sick children miles away in Nome, Alaska. He is their only hope. Can Balto find his way through the terrible storm? Find out in this exciting true story! Step 3 Readers feature engaging narratives about popular topics. For children who are ready to read on their own. When the Pirates, a gang of young boys in the small town of Timpetill, become too rowdy, the adults decide to discipline them by leaving

the town in the middle of the night. *The Modern Salonnière* is a collection of essays that combines Saxon Henry's passions of traveling, reading, and creative nonfiction. Locale by locale and book by book, Saxon brings the historical figures she has chosen as her subjects to life. Stroll through Paris while imagining the era when the Emperor Julian the Apostate ruled Lutetia, parts of which still stand at the Thermes de Cluny. Walk London's streets in search of the fin-de-siècle haunts where the Decadents were determined to turn convention on its ear. Trek to Croton-on-Hudson, New York, where Edna St-Vincent Millay summered with her avant-garde chums. Follow Peggy Guggenheim in Venice, Jim Morrison in Paris, Denys Finch-Hatton in Africa, Ottoline Morrell in Oxford, and Henry James in a string of Italian towns in Tuscany. These and many other characters who were inspiring enough that their stories continue to provoke curiosity people the narratives in *The Modern Salonnière*. Ten-year-old Lysis takes his sister, disguised as a boy to the Acropolis in Athens to see a new play. Ten-year-old Flavius had almost everything a boy could wish for. His parents belonged to the Roman aristocracy, he went to the finest school where he was treated like a young prince and even had his personal slave or "pedagogue" to carry his schoolbooks for him. Today, the proudest day of his life, he was riding in a procession, a Triumph, in honor of his

father who was returning, a conquering General from the wars in Greece. Full of pride in his father and his life, Flavius learns important lessons from his Greek slave pedagogue and in the end wins a Triumph of his own. Set in Ancient Rome before the Empire and perfect for 3rd or 4th grade readers. Seven schoolboys help uncover a dangerous criminal in ancient Rome. Grades 5-7. Twelve-year-old Isaveth eagerly accepts an opportunity to study at the most exclusive magical school in the city but her scholarship might prove to be more a trap than a gift. A fanciful history lesson for middle graders, featuring a charming mouse named Celeste. Celeste is a mouse who is looking for a home. Is it nestled in the toe of a warm boot? In the shirt pocket of Celeste's new friend Joseph? Or is home the place deep inside Celeste's heart, where friendships live? Beautifully illustrated with hundreds of black-and-white drawings, *A Nest for Celeste* is a short novel that tells the story of a mouse living in the 1800s and his friendship with John James Audubon's young apprentice. While enjoying this sweet and appealing story, young readers will also learn about nineteenth-century plantation life and the famous naturalist who was known for his paintings of birds and American wildlife. "Includes background information, a play, writing and work study activities, art projects, and a full color poster. Siri and Erik live with their mother by an old Viking mound. While

they are not frightened by local superstition about the Viking graves, mysterious events lead to the opening of the mound and the discovery of its treasures. The English language is a battlefield. Since the age of Shakespeare, arguments over correct usage have been acrimonious, and those involved have always really been contesting values - to do with morality, politics and class. *THE LANGUAGE WARS* examines the present state of the conflict, its history and its future. Above all it uses the past as a way of illuminating the present. Moving chronologically, the book explores the most persistent issues to do with English and unpacks the history of 'proper' usage. Where did these ideas spring from? Which of today's bugbears and annoyances are actually venerable? Who has been on the front line in the language wars? *THE LANGUAGE WARS* examines grammar rules, regional accents, swearing, spelling, dictionaries, political correctness, and the role of electronic media in reshaping language. It also takes a look at such niggling concerns as the split infinitive, elocution and text messaging. Peopled with intriguing characters such as Jonathan Swift, H. W. Fowler and George Orwell as well as the more disparate figures of Lewis Carroll, Buffy the Vampire Slayer and Lenny Bruce, *THE LANGUAGE WARS* is an essential volume for anyone interested in the state of the English language today or intrigued about its future. TIMES BESTSELLER • The classic work that predicted the anxieties of a world upended by rapidly emerging technologies—and now provides a road map to solving many of our most pressing crises. “Explosive . . . brilliantly formulated.” —The Wall Street Journal

Future Shock is the classic that changed our view of tomorrow. Its startling insights into accelerating change led a president to ask his advisers for a special report, inspired composers to write symphonies and rock music, gave a powerful new concept to social science, and added a phrase to our language. Published in over fifty countries, Future Shock is the most important study of change and adaptation in our time. In many ways, Future Shock is about the present. It is about what is happening today to people and groups who are overwhelmed by change. Change affects our products, communities, organizations—even our patterns of friendship and love. But Future Shock also illuminates the world of tomorrow by exploding countless clichés about today. It vividly describes the emerging global civilization: the rise of new businesses, subcultures, lifestyles, and human relationships—all of them temporary. Future Shock will intrigue, provoke, frighten, encourage, and, above all, change everyone who reads it. “This Dover edition, first published in 2015, is an unabridged republication of the work originally published by Harcourt, Brace and Company, New York, in

Hanna was a hippopotamus in the Budapest zoo. Hanna and the other hippos thrived in the warm springs which flowed from the ground. One winter, however, it was so cold that the river froze. There was a war going on, and the people and animals were starving. But the people of Budapest made a plan to save their beloved hippos. This heartwarming story, based on a true incident that took place during World War II, is beautifully told by Trish Marx. Barb Knutson's charming illustrations magically evoke the faraway place and time. Ethel Pochocki, whimsically and unforgettably, presents a new set of heavenly friends to readers young and old in this third collection of Once Upon a Time Saints stories. Beginning in the dark of December, the start of the Church Year, there are stories and poems for each month, all bursting with saintly--not to mention angelic--deeds and happenings. Each tale or verse--whether of mystical apparitions in a tiny Irish village or of friars who float in the air or of entire countries single-handedly converted to Christianity--makes it quite plain that heaven doesn't

keep to its place at all, but is happily determined to spill over into earthly life--here, there and . . . all around the year. Use Novel-Ties[®] study guides as your total guided reading program. Reproducible pages in chapter-by-chapter format provide you with the right questions ask, the important issues to discuss, and the organizational aids that help students get the most out each book they read. In ancient China, a young boy named Little Pear, who has a knack for finding trouble in his small village, stows away to the fair in a wheelbarrow full of vegetables, nearly flies away with a kite, and is rescued from the river by a houseboat family.

Illustrations. GILGAMESH is the oldest known legend. In this beautiful, full-color version, the distinguished author and artist, Bernarda Bryson, has created a richly moving interpretation of the mighty deeds of Gilgamesh, the great hero-king, part god and part man. First written down in Sumerian cuneiform 3,000 years before Christ, the story of Gilgamesh tells of a great flood and of one man, befriended by the gods, who survived by building an ark. In the feats of Gilgamesh and his companion, Enkidu, a monster-man who becomes gentle and loves and respects the King, are found the sources of the great mythological heroes, Hercules, Jason and Theseus. In addition to its importance in the history of children's literature, GILGAMESH is an exciting, dramatic and often amusing tale-setting jealous god

against jealous god, and man against man in remarkable battles of wit and strength. Bernarda Bryson has set down a stirring epic accompanied by exquisite prints which impart to the reader her own lifetime fascination with the myth of Gilgamesh. Cicero composed his incendiary Philippics only a few months after Rome was rocked by the brutal assassination of Julius Caesar. In the tumultuous aftermath of Caesar's death, Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control. Philippic 2 was a weapon in that war. Conceived as Cicero's response to a verbal attack from Antony in the Senate, Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what Cicero saw as Antony's tyrannical ambitions. Vituperatively brilliant and politically committed, it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric. It ultimately led to Cicero's own gruesome death. This course book offers a portion of the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero, his oratory, the politics of late-republican Rome,

and the transhistorical import of Cicero's politics of verbal (and physical) violence. This is the best and most authoritative guide to classic and contemporary children's literature today. It is the latest in the best-selling 1001 series, and its informative reviews are the key to differentiating the "must-read" books from all the rest in the realm of children's books. Whether you are a parent seeking to instill a love of reading in your child, a educator or counselor looking for inspiration, or a young reader with a voracious appetite, this guide to the best writing for children and young adults covers the spectrum of children's literature. It is organized by age group—from board books to YA novels and all the gradations in between. Each entry features evaluations by a team of international critics complete with beautifully reproduced artwork from the featured title. The beloved classics are here, but the guide also takes a global perspective and includes the increasingly diverse contributions from African American and Latino authors and illustrators—not to mention important books from around the world. A retelling of some classic Greek myths for younger readers.

Nicole Gunther-Perrin is a modern young professional, proud of her legal skills but weary of childcare, of senior law partners who put the moves on her, and of her deadbeat ex-husband. Following a ghastly day of dealing with all three, she falls into bed asleep - and awakens the next morning to find

herself in a different life, that of a widowed tavernkeeper in the Roman frontier town of Carnuntum around 170 A.D. Delighted at first to be away from corrupt, sexist modern America, she quickly begins to realise that her new world is as complicated as her old one. Violence, dirt, and pain are everywhere - and yet many of the people she comes to know are as happy as those she knew in twentieth-century Los Angeles. Slavery is a commonplace, gladiators kill for sport, and drunkenness is taken for granted - but everyday people somehow manage to face life with humour and good will. No quitter, Nicole manages to adapt to her new life despite endless worry about the fate of her children "back" in the twentieth century. Then plague sweeps through Carnuntum, followed by brutal war. Amid pain and loss on a level she had never imagined, Nicole finds reserves of strength she had never known. With detailed answers to many fascinating questions this book is a perfect introduction to time and seasons. The purchase of a slave for their teacher leads a group of schoolboys in ancient Rome into a dangerous intrigue. 'This is a wonderful, surging narrative - a brilliant and meticulous synthesis of the ancient sources . . . This is a story that should be read by anyone interested in history, politics or human nature - and it has never been better told' - Boris Johnson, Mail on Sunday Rome was first ruled by kings, then became a republic. But in the end, after

conquering the world, the Republic collapsed. Rome was drowned in blood. So terrible were the civil wars that the Roman people finally came to welcome the rule of an autocrat who could give them peace. 'Augustus,' their new master called himself: 'The Divinely Favoured One'. The lurid glamour of the dynasty founded by Augustus has never faded. No other family can compare for sheer unsettling fascination with its gallery of leading characters. Tiberius, the great general who ended up a bitter recluse, notorious for his perversions; Caligula, the master of cruelty and humiliation who rode his chariot across the sea; Agrippina, the mother of Nero, manoeuvring to bring to power the son who would end up having her murdered; Nero himself, racing in the Olympics, marrying a eunuch, and building a pleasure palace over the fire-gutted centre of his capital. Now, in the sequel to *Rubicon*, Tom Holland gives a dazzling portrait of Rome's first imperial dynasty. *Dynasty* traces the full astonishing story of its rule of the world: both the brilliance of its allure, and the blood-steeped shadows cast by its crimes. Ranging from the great capital rebuilt in marble by Augustus to the dank and barbarian-haunted forests of Germany, it is populated by a spectacular cast: murderers and metrosexuals, adulterers and druids, scheming grandmothers and reluctant gladiators. *Dynasty* is the portrait of a family that transformed and stupefied Rome. Richard

Feynman: physicist . . . Nobel winner . . . bestselling author . . . safe-cracker. In this substantial graphic novel biography, *First Second* presents the larger-than-life exploits of Nobel-winning quantum physicist, adventurer, musician, world-class raconteur, and one of the greatest minds of the twentieth century: Richard Feynman. Written by nonfiction comics mainstay Jim Ottaviani and brilliantly illustrated by *First Second* author Leland Myrick, *Feynman* tells the story of the great man's life from his childhood in Long Island to his work on the Manhattan Project and the Challenger disaster. Ottaviani tackles the bad with the good, leaving the reader delighted by Feynman's exuberant life and staggered at the loss humanity suffered with his death. Anyone who ever wanted to know more about Richard P. Feynman, quantum electrodynamics, the fine art of the bongo drums, the outrageously obscure nation of Tuva, or the development and popularization of the field of physics in the United States need look no further than this rich and joyful work.
